**Notice Regarding Possible Postponement of Announcement of Consolidated Financial Results
for the Third Quarter Ended December 31, 2020**

Sharp Corporation (“the Company”) announces a possible postponement of its announcement of consolidated financial results for the third quarter ended December 31, 2020 due to the below.

The Company expresses its sincere apologies to all stakeholders including shareholders, investors, partners and all related members for causing concerns and inconveniences.

1. Reason for possible postponement of announcement of financial results

As announced in its December 25, 2020 release “Notice of Improper Accounting Treatment at Sharp’s Consolidated Subsidiary and Establishment of Investigation Committee,” the Company acknowledges improper accounting treatment occurred at its consolidated subsidiary, Kantatsu Co. Ltd., (“Kantatsu”) and established an investigation committee consisted by members including outer lawyers and certified public accountants etc. to confirm the facts.

While the Company is fully cooperating with the investigation committee, a certain amount of time is required to determine its impact to the Company’s financial results together with confirming that similar issues do not exist at other subsidiaries within the Company’s group. Therefore, there is a possibility that the consolidated financial results for the third quarter ended December 31, 2020 that was scheduled to be announced by February 15, 2021 may be postponed.

2. Future Actions

The date of announcement of financial results is scheduled to be set based on the investigation report of the investigation committee. The date of announcement of financial results will be announced immediately once decided, including whether the date will be postponed.

In case the announcement of financial results is postponed, the Company will submit an application for approval of extension of the deadline for submission of securities report to the Director-General of the Kanto Local Finance Bureau (extension of this submission requires the approval of the Director-General of the Kanto Local Finance Bureau).
