

## Joint Press Release

March 30, 2016  
Foxconn Technology Group  
Sharp Corporation

Today both Foxconn and Sharp are pleased to announce the historic strategic alliance of two global technology leaders. The culture of both of our companies is defined by hard work, creativity and innovation. We are committed to restoring profitability and strengthening operations to once again make Sharp a leader in the global electronics arena and a world-class company with a positive outlook. Both our teams are on the same page working towards the same goal.

The tables below provide details regarding this strategic investment.
