Chapter 1
Introduction

This Installation Guide describes the steps necessary to install, activate, and configure Sharpdesk, Composer and Network Scanner Tool. Network Scanner Tool enables your PC to receive scanned images from your Sharp multifunctional peripheral. Sharpdesk helps to utilize the scanned images and your existing documents in your PC.

Note: In this document, hereafter, please read the term "scanner" as "Sharp multifunctional peripheral".

Once Sharpdesk, Composer and Network Scanner Tool have been installed and configured, the "Scan to Desktop" feature from your scanner to your PC is ready to use.

Note: Before configuring Network Scanner Tool, you need to finish setting up your scanner, and it must be online. For more information, please refer to the paper manual attached with the Network Scanner Expansion Kit.

System Requirements

To successfully install and use Sharpdesk, Composer, and Network Scanner Tool, your PC must meet the following minimum requirements:

Operating System Attribute:	Windows Vista	Windows 7	Windows 8.1	Windows 10
Processor:	1 GHz 32-bit/64-bit			
Memory:	1 GB RAM/2 GB RAM (Windows 7/8.1/10 64-bit)			
Available disk space:	800 MB			
Graphics capability:	Direct X 9 support with 128 MB video RAM			
Internet Explorer:	V7.0 or later	V8.0 or later	V10 or later	V11.0 or later
Network hardware:	10 Base, 100Base or 1000Base Ethernet card			
Network software:	TCP/IP network software			
Internet connection:	Necessary to access Sharp Internet product support site			

Chapter 2
Installing Sharpdesk and
Network Scanner Tool

Before the setup

Check that your PC meets the minimum system requirements for Sharpdesk, Composer and Network Scanner Tool described in this Installation Guide.

The ReadMe file in your language is located in the root directory of the CD-ROM. It describes the latest information about the application programs.

Before installing, please save and quit any software applications and/or resident programs that are running on your computer.

Launch the setup program

Insert this CD-ROM into your CD-ROM drive.

Sharpdesk installation should begin automatically. If it does not start, please select "Run" from the Start menu and enter "R:\Sharpdesk\setup.exe" (substitute the letter of your CD-ROM drive for "R") and the click "**OK**".

In Windows 8.1, in order to select "Run", please right-click the Start screen and select "All apps" from app.

Note: In case, if you have downloaded the Sharpdesk from the given SHARP website, please run the "setup.exe" from the downloaded Sharpdesk.

If you are installing an International release, the startup screen appears after you select a language.

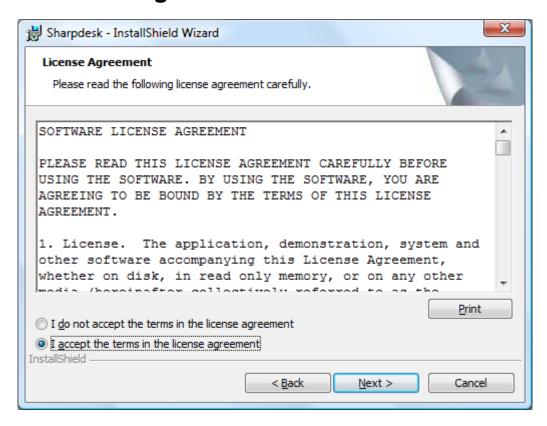

Click "**Next**" button to continue with the setup.

View Readme Information

Click "**Next**" button to continue with the setup.

View License Agreement

Click the "**I accept the terms in the license agreement**" radio button and click "**Next**" button to continue with the setup. If you do not accept the terms of the license, you may not install Sharpdesk.
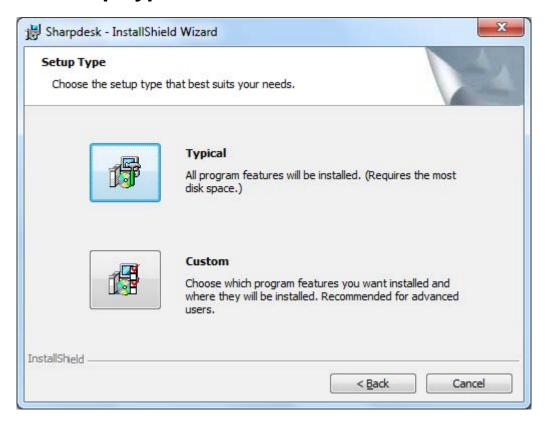

Enter Customer Information

Please enter your name and your company or organization name.

Enter the Product Key, which is issued by the Product Key Server.

Note: Please refer the Product Key Acquisition Guide to generate the Product Key.

Click "**Next**" button to continue with the setup.
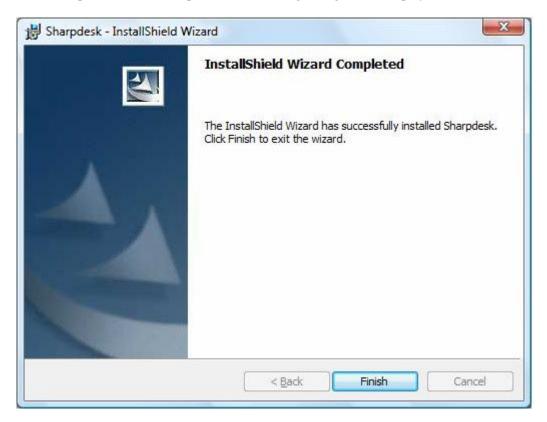

Enter Setup Type

Click "**Typical**" , if you want Sharpdesk, Composer and Network Scanner Tool programs to be installed in the default folder "C:\Program Files\Sharp\Sharpdesk" and the Sharpdesk data files in the default folder "C:\Users\<UserName>\Documents\Sharpdesk Desktop".

Click "**Custom**", if you want to choose which applications to install or where they need to install. You can install Sharpdesk, Composer or Network Scanner Tool separately if you wish.

Finish the Setup

When Sharpdesk installer completes, the following dialog will be displayed.

Installation will complete when you click the "**Finish**" button.
