A Network-Ready 3-in-1 Document Solution
Built to Boost Your Business
Enhance Workflow with Quality and Versatility

The compact yet robust AR-6031N/6026N/6023N/6020N offers sophisticated features to match the changing productivity needs of small workgroups. Whether it’s a copy, print, or scan job, document functionality comes with consistently excellent quality. Everyone on your team will appreciate a streamlined workflow and boosted productivity. With one of these affordable MFPS, you have a versatile all-in-one document solution.

**DOCUMENT WORKFLOW**

**Convenient Full-Colour Network Scanning**

The AR-6031N/6026N/6023N/6020N excels as a full-colour network scanner. Quickly convert any type of paper-based document into a TIFF, PDF, or JPEG and send it to one of six pre-registered destinations. Scanned files can be sent as e-mail attachments, sent directly to a PC desktop*1, or scanned directly to an FTP server, USB drive, or mobile device*2. It’s all so easy—just tap the Scan Mode button, select a pre-registered destination, and press Start.

**Example of Assigning Buttons**

- **Button 1–3** Scan to E-mail A/B/C
  - Scanned files can be sent as an attachment to any e-mail address over the Internet.
  - E-mail A, E-mail B, E-mail C

- **Button 4** Scan to FTP Server
  - Scanned files can be stored on a file server where they can be easily accessed from any PC on the network.

- **Button 5** Scan to USB Drive
  - Scanned files can be stored directly on a USB drive.

- **Button 6** Scan to Desktop*1 or Mobile Device*2
  - Scanned files can be forwarded directly to your PC or a mobile device.

Note: Buttons 1–6 must be assigned a scan destination in advance. Scan to Desktop and Scan to Mobile Device can be assigned to Button 6 only. Choose which one you would like to assign.

*1: Requires optional Sharpdesk License Kit. Sharpdesk must be installed on PC. *2: Mobile device must have Sharpdesk Mobile app installed.

device can be printed out on the

and printing applications.

*106–200 g/m 2 paper to be fed through

efficiently feeds in up to

two-sided originals.

Built-in Stackless Duplex Module

The AR-6031N/6026N/6023N/6020N can make two-sided printouts using its built-in stackless duplex module. This effectively reduces paper costs and saves filing space. Duplex copying is even more effective when used together with the optional RSPF.

Effective Paper Handling

For large-volume jobs and a wider selection of available paper sizes, these MFPs can accommodate two types of extra trays that increase total paper capacity to 2,100 sheets (AR-6031N/6026N) or 1,850 sheets (AR-6023N/6020N). These MFPs can accommodate heavy paper up to 200 g/m 2 , expanding the range of possible printing applications.

*106–200 g/m 2 /page to be fed through multi-bypass tray.

Network Printing

These MFPs come standard-equipped with network printing, making them ideal for use by small workgroups. They also incorporate Sharp’s original SPLC (Sharp Printer Language with Compression) PDL, which can be upgraded to PCL 6 and PostScript® 3™ emulation to enhance graphics and font capabilities.

Printing via USB Cable

If you can’t connect to your office network, you can connect the MFP to your PC via a USB cable and print documents. This allows you to print safely without sending your data through the office network. The USB port can be used even while the MFP is connected to the network.

ID Card Copy

The AR-6031N/6026N/6023N/6020N has a dedicated key for easy copying of both sides of a card (e.g., an ID or credit card) onto a single page.

Rotation Sort*

Every other copy is rotated 90 degrees when delivered to the output tray. This takes the hassle out of sorting copies and comes in handy when you need to print multiple copies.

*Two paper trays must be loaded with the same-sized paper in a different orientation (landscape and portrait).

Other Convenient Features

• 2-in-1/4-in-1 copying
• Margin shift
• Edge/centre erase

OTHER KEY FEATURES

Sharpdesk Mobile*

Sharpdesk Mobile is a mobile print/scan application. With Sharpdesk Mobile, users can import documents scanned on the AR-6031N/6026N/6023N/6020N to their mobile devices for previewing and saving. And files on a mobile device can be printed out on the MFP, sent as e-mail attachments, or used in other applications.

*Requires commercially available wireless LAN router; printing requires optional AR-PB10. PDF printing additionally requires optional MX-PK10. Availability varies by country/region. For details, see the support website: http://sharp-world.com/products/copier/docu_solutions/mobile/sharpdesk_mobile/

Sharpdesk*

With Sharpdesk integrated document management software, scanned files can be organised, edited, converted, and combined with ease. What’s more, Full Text Search makes it easy to retrieve your documents.

*Requires optional Sharpdesk License Kit.

Energy Efficiency

• Pressing the power save key after a job is finished immediately puts the MFP into auto power shut-off mode, further reducing your running costs.

• Certified under the ENERGY STAR® programme (an international system for rating the energy efficiency of products).
